

No matter how long..
it will still be there when
you need it.

Creation. Storage. Backup. Archive. Disposal

DataSpan has partnered with **CNSG** to become your leading provider of outsourced technology solutions, designed to help your business succeed. Whether we are your primary service or supplemental resource, our goal is to help you save money and be productive. We are dedicated to developing solutions that make practical sense from idea to implementation, while remaining compliant and safe.

NO-COST SERVICES

Telecom Network Assessment

We'll analyze your current voice, wireless and network services, then design ways to optimize performance, reduce costs, and improve the efficiency of your IT operations.

Purchasing

We present unbiased opinions from multiple providers and manage the procurement and ordering process.

Implementation

DataSpan & CNSG partner to oversee every detail of the project's design and delivery.

Billing Analysis and Management

We conduct periodic invoice assessments, network audits, and contract dispute mediation, all free of charge.

These benefits are in addition to our healthcare performance and improvement solutions. For more information, please see the contact information below and reach out today!
