ES SERVER ENCLOSURES

FEATURES

RAILS

- Two pairs of black powder coated, universal 19" 3/8"sq. (M6) mounting rails with RMU markings; choose #10-32 rails at no additional charge!
- Infinitely adjustable from front to rear
- Designed with a Flexible Mounting Profile (FMP), a series of holes along each rail that falls outside of the mounting profile; allows mounting of power strips, cable management, patch panels, etc.
- Lacing points and cut outs for cable management

POWER & GROUNDING

- PDU mounting brackets that allow button mounting of major industry PDUs
- Optional zero RMU mounting brackets allow vertical mounting of 19" power strips
- Optional copper bus bars install to the FMP; grounding kits include quick disconnect wires

CABLE MANAGEMENT

- 30"W Enclosures for networking and dense cable applications
- Knockouts along the top and rear side of the enclosures

Optional accessories include:

- Vertical cable troughs (3"W x 3"D)
- Optional vertical and horizontal lacing bars
- 19" cable organizers
- Overhead cable accessories, including troughs and ladder rack brackets
- External cable managers, or "side cars"

COOLING

- Standard mesh contour doors for airflow
- Optional filler panels and brush grommet kits to prevent bypass airflow within the enclosure
- Can be configured for deployment in multiple data center environments: hot aisle/cold aisle, aisle containment, localized containment, closed-loop water cooling, etc.
- Choose from optional chimneys and air managers

COMPLETE ENCLOSURE CONFIGURATIONS INCLUDE:

- Frame with two pairs of 3/8" sq. (M6) rails
- One set of 4 adjustable levels
- Solid Top Panel
- Front and Rear Contour Mesh doors with locking handle
- Pair of Solid Lift-off side Panels
- Stock color: Black or Advantage White
